MI Chelverton Equity Fund (the Company) is an investment company with variable capital incorporated in England and Wales under registered number IC000431 and Product Reference Number 448019 and authorised by the Financial Conduct Authority with effect from 4 April 2006. The Company has an unlimited duration.

Shareholders are not liable for the debts of the Company. A Shareholder is not liable to make any further payment to the Company after he has paid the price on purchase of the Shares.

The ACD is also the manager of certain authorised unit trusts and open-ended investment companies details of which are set out in Appendix 4.

At the date of this Prospectus, the Company has two Sub-funds, details of which are set out in Appendix 1, including the Product Reference Numbers. Further Sub-funds may be established from time to time.

2.1.2 **Head Office**

The head office of the Company is at Springfield Lodge, Colchester Road, Chelmsford, Essex, CM2 5PW.

2.1.3 **Address for Service**

The head office is the address of the place in the UK for service on the Company of notices or other documents required or authorised to be served on it.

2.1.4 **Base Currency**

The base currency of the Company and each Sub-fund is Pounds Sterling.

2.1.5 **Share Capital**

Maximum £100,000,000,000

Minimum £1

Shares have no par value. The share capital of the Company at all times equals the sum of the Net Asset Values of each of the Sub-funds.

Shares in the Company may be marketed in other Member States and in countries outside the European Union and European Economic Area, subject to the Regulations, and any regulatory constraints in those countries, if the ACD so decides.

Each of the Sub-funds of the Company from time to time is designed and managed to support longer-term investment and active trading is discouraged. Short-term or excessive trading into and out of a Sub-fund may harm performance by disrupting portfolio management strategies and by increasing expenses.

The ACD may at its discretion refuse to accept applications for, or switching of, Shares, especially where transactions are deemed disruptive, particularly from possible market timers or investors who, in its opinion, have a pattern of short-term or excessive trading or whose trading has been or may be disruptive to a Sub-fund(s). For these purposes, the ACD may consider an investor's trading history in the Sub-fund(s) or other Maitland Institutional Services Ltd funds and accounts under common ownership or control.

2.1.6 **Investment objectives and policy**

The investment objective, investment policy and Product Reference Number for each Sub-fund is set out in Appendix 1.

2.2 **The structure of the Company**

2.2.1 **The Sub-funds**

The Company is structured as an umbrella company, in that different Sub-funds may be established from time to time by the ACD with the approval of the FCA. On the introduction of any new Sub-fund or Class, a revised prospectus will be prepared setting out the relevant details of each Sub-fund or Class.

The Company is a UCITS scheme

The assets of each Sub-fund will be treated as separate from those of every other Sub-fund and will be invested in accordance with the investment objective and investment policy applicable to that Sub-fund. Investment of the assets of each of the Sub-funds must comply with the COLL Sourcebook and the investment objective and policy of the relevant Sub-fund. Details of the Sub-funds, including their investment objectives and policies, are set out in Appendix 1.

The eligible securities markets and eligible derivatives markets on which the Sub-funds may invest are set out in Appendix 2. A detailed statement of the general investment and borrowing restrictions in respect of each type of Sub-fund is set out in Appendix 3.

Each Sub-fund is a segregated portfolio of assets and, accordingly, the assets of a Sub-fund belong exclusively to that Sub-fund and shall not be used or made available to discharge (directly or indirectly) the liabilities of, or claims against any other person or body, including the Company and any other Sub-fund and shall not be available for any such purpose.

Subject to the above, each Sub-fund will be charged with the liabilities, expenses, costs and charges of the Company attributable to that Sub-fund, and within each Sub-fund charges will be allocated between Classes in accordance with the terms of issue of Shares of those Classes. Any assets, liabilities, expenses, costs or charges not attributable to a particular Sub-fund may be allocated by the ACD in a manner which it believes is fair to all Shareholders of the Company.

Please also see paragraph 5.5 below.

Where any changes are proposed to be made to the Company or any Sub-fund the ACD will assess whether the change is fundamental, significant or notifiable in accordance with COLL 4.3. If the change is regarded as fundamental, Shareholder approval of the Company or relevant Sub-fund will be required. If the change is regarded as significant, 60 days' prior written notice will be given to relevant Shareholders. If the change is regarded as notifiable, relevant Shareholders will receive suitable notice of the change.

2.2.2 **Shares**

Classes of Share within the Sub-funds

Shares will be issued in larger and smaller denominations. There are 1,000 smaller denomination Shares to each larger denomination Share. Smaller denomination Shares represent what, in other terms, might be called fractions of a larger Share and have proportionate rights.

Shares have no par value and, within each Class in each Sub-fund subject to their denomination, are entitled to participate equally in the profits arising in respect of, and in the proceeds of, the liquidation of the Company or termination of a relevant Sub-fund. Shares do not carry preferential or pre-emptive rights to acquire further Shares.

Further Classes of Share may be established from time to time by the ACD with the agreement of the Depositary and in accordance with the Instrument of Incorporation and the Regulations. On the introduction of any new Sub-fund or Class, a revised prospectus will be prepared, setting out the details of each Sub-fund or Class.

The base currency in which each new Class of Shares will be denominated will be determined at the date of creation and set out in the prospectus issued in respect of the new Class of Shares.

The net proceeds from subscriptions to a Sub-fund will be invested in the specific pool of assets constituting that Sub-fund. The Company will maintain for each current Sub-fund a separate pool of assets, each invested for the exclusive benefit of the relevant Sub-fund. The Company as a whole will be responsible for all obligations, whichever Sub-fund such liabilities are attributable to, unless otherwise agreed with specific creditors.

To the extent that any Scheme Property, or any assets to be received as part of the Scheme Property, or any costs, charges or expenses to be paid out of the Scheme Property, are not attributable to one Sub-fund only, the ACD will allocate such Scheme Property, assets, costs, charges or expenses between Sub-funds in a manner which is fair to all Shareholders of the Company.

The Company may issue income and accumulation Shares in respect of each Sub-fund. The Share Classes that may be issued and their criteria for subscription in respect of each Sub-fund are set out in Appendix 1.

Shares in the Company are not currently listed on or dealt in on any investment exchange. Title to Shares is evidenced by the entry on the Register. Shareholders may, but need not, support an instruction to the ACD by enclosing the contract notice or the most recent annual statement or copies of such documents. Share Certificates are not issued to Shareholders.

Holders of income Shares are entitled to be paid the distributable income attributed to such Shares on any relevant interim and annual allocation dates.

Holders of accumulation Shares are not entitled to be paid the income attributed to such Shares, but that income is automatically transferred to (and retained as part of) the capital assets of the relevant Sub-fund on the relevant interim and/or annual accounting dates. This is reflected in the price of an accumulation Share.

The Instrument of Incorporation allows net income and net accumulation Shares to be issued. Net Shares are Shares in respect of which income allocated to them is distributed periodically to the relevant Shareholders (in the case of income Shares) or credited periodically to capital (in the case of accumulation Shares), in either case in accordance with relevant tax law, net of any tax deducted or accounted for by the Company. All

references to Shares in this Prospectus are to net Shares unless otherwise stated.

Where a Sub-fund has different Classes, each Class may attract different charges and so monies may be deducted from the Scheme Property attributable to such Classes in unequal proportions. In these circumstances, the proportionate interests of the Classes within a Sub-fund will be adjusted accordingly.

Shareholders are entitled (subject to certain restrictions) to Switch all or part of their Shares in a Class or a Sub-fund for Shares of another Class within the same Sub-fund or for Shares of the same or another Class within a different Sub-fund of the Company. Details of this switching facility and the restrictions are set out in paragraph 3.4 (Switching).

3. **BUYING, REDEEMING AND SWITCHING SHARES**

The dealing office of the ACD is normally open from 8.30 a.m. to 4.30 p.m. (London time) on each Business Day to receive postal requests for the purchase, sale and switching of Shares. The ACD may vary these times at its discretion. Requests to deal in Shares may also be made by telephone on each Business Day (at the ACD's discretion) between 8.30 a.m. and 4.30 p.m. (London time) directly to the office of the ACD (telephone: 0345 305 4217, fax: 0845 280 0188 or email: Chelverton@phoenixfundservices.com or such other number as published from time to time). The initial purchase must, at the discretion of the ACD, be accompanied by an application form.

A request for dealing in Shares must be received by 12.00 noon on a particular Dealing Day in order to be processed on that Dealing Day. A dealing request received after this time will be held over and processed on the next Dealing Day, using the Net Asset Value per Share calculated as at the Valuation Point on that next Dealing Day.

Telephone calls will be recorded. The ACD may also, at its discretion, introduce further methods of dealing in Shares in the future.

In its dealings in Shares of the Sub-funds the ACD is dealing as principal. The ACD does not actively seek to make a profit from dealing in Shares as principal but does so in order to facilitate the efficient management of the Company. The ACD is not accountable to Shareholders for any profit it makes from dealing in Shares as principal.

3.1 **Money laundering**

As a result of legislation in force in the UK to prevent money laundering, the ACD is responsible for compliance with anti money laundering regulations. In order to implement these regulations, in certain circumstances investors may be asked to provide proof of identity when buying or redeeming Shares. Until satisfactory proof of identity is provided, the ACD reserves the right to refuse to issue Shares, pay the proceeds of a redemption of Shares, or pay income on Shares to the investor. In the case of a purchase of Shares where the applicant is not willing or is unable to provide the information requested within a reasonable period, the ACD also reserves the right to sell the Shares purchased and return the proceeds to the account from which the subscription was made. These proceeds may be less than the original investment.

3.2 **Buying Shares**

3.2.1 **Procedure**

Shares may be bought directly from the ACD or through a professional adviser or other intermediary. For details of dealing charges see paragraph 3.5 below. Application forms may be obtained from the ACD.

Valid applications to purchase Shares in a Sub-fund will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the application, except in the case where dealing in a Sub-fund has been suspended as set out in paragraph 3.10.

The ACD, at its discretion, has the right to cancel a purchase deal if settlement is materially overdue and any loss arising on such cancellation shall be the liability of the applicant. For postal applications payment in full must accompany the instruction. At the ACD's discretion, payment for large purchases of Shares may be made by telegraphic transfer.

A purchase of Shares in writing or by telephone or any other communication media made available is a legally binding contract. Applications to purchase, once made, are, except in the case where cancellation rights are applied, irrevocable. However, subject to its obligations under the Regulations, the ACD has the right to reject, on reasonable grounds relating to the circumstances of the applicant, any application for Shares in whole or part, and in this event the ACD will return any money sent, or the balance of such monies, at the risk of the applicant.

Any subscription monies remaining after a whole number of Shares have been issued will not be returned to the applicant. Instead, smaller denomination Shares will be issued. A smaller denomination Share is equivalent to one thousandth of a larger denomination Share.

Payment in full should be made no later than the third Business Day after the date of purchase, and the ACD reserves the right to require payment in advance.

The ACD may charge £50 each time a trade is not fulfilled on settlement date. The ACD reserves the right to apply interest charges at 2% above the Bank of England Base Rate on the value of any settlement received later than the settlement date. No interest will be paid on funds held prior to investment. Shares that have not been paid for cannot be redeemed.

Applicants who have received advice may have the right to cancel their application to buy Shares at any time during the 14 days after the date on which they receive a cancellation notice from the ACD. If an applicant decides to cancel the contract, and the value of the investment has fallen at the time the ACD receives the completed cancellation notice, they will not receive a full refund as an amount equal to any fall in value will be deducted from the sum originally invested. The ACD may extend cancellation rights to other investors but is under no obligation to do so.

3.2.2 **Documents the buyer will receive**

A confirmation giving details of the number and price of Shares bought will be issued no later than the end of the Business Day following the Valuation

Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Registration of Shares can only be completed by the ACD upon receipt of any required registration details. These details may be supplied in writing to the ACD or by returning to the ACD the properly completed registration form and copy of the confirmation.

Settlement is due within 3 Business Days of the Valuation Point. An order for the purchase of Shares will only be deemed to have been accepted by the ACD once it is in receipt of cleared funds for the application. If settlement is not made within a reasonable period, then the ACD has the right to cancel any Shares issued in respect of the application.

Share certificates will not be issued in respect of Shares. Ownership of Shares will be evidenced by an entry on the Register. Tax vouchers in respect of periodic distributions on Shares will show the number of Shares held by the recipient.

3.2.3 **Minimum subscriptions and holdings**

The minimum initial subscriptions, subsequent subscriptions and holdings levels for each Class of Share in a Sub-fund are set out in Appendix 1.

The ACD may at its sole discretion accept subscriptions and/or holdings lower than the minimum amount(s).

If following a redemption, Switch or transfer, a holding in any Class of Share should fall below the minimum holding for that Class, the ACD has the discretion to effect a redemption of that Shareholder's entire holding in that Class of Share. The ACD may use this discretion at any time. Failure not to do so immediately after such redemption, Switch or transfer does not remove this right.

3.3 **Redeeming Shares**

3.3.1 **Procedure**

Every Shareholder is entitled on any Dealing Day to redeem its Shares, which shall be purchased by the ACD dealing as principal.

Valid instructions to the ACD to redeem Shares in a Sub-fund will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the instruction, except in the case where dealing in a Sub-fund has been suspended as set out in paragraph 3.10.

A redemption instruction in respect of Shares in writing or by telephone or any other communication media made available is a legally binding contract. However, an instruction to the ACD to redeem Shares, although irrevocable, may not be settled by either the Company or the ACD if the redemption represents Shares where the money due on the earlier purchase of those Shares has not yet been received or if insufficient documentation or anti-money laundering information has been received by the ACD.

Shareholders are entitled to Switch, transfer and redeem Shares at any time, however, as principal the ACD will acquire Shares on a first in first out basis.

For details of dealing charges see paragraph 3.5 below.

3.3.2 **Documents a redeeming Shareholder will receive**

A confirmation giving details of the number and price of Shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the Business Day following the later of the request to redeem Shares or the Valuation Point by reference to which the price is determined.

Payment of redemption proceeds will normally be made by cheque to the first named Shareholder (at their risk), or, at the ACD's discretion, via telegraphic transfer in accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within 3 Business Days of the later of (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title and any required anti-money laundering related documentation, and (b) the Valuation Point following receipt by the ACD of the request to redeem.

3.3.3 **Minimum redemption**

Part of a Shareholder's holding may be redeemed but the ACD reserves the right to refuse a redemption request if the value of the Shares of any Sub-fund to be redeemed is less than the minimum stated in respect of the appropriate Class in the Sub-fund in question (see Appendix 1).

3.3.4 **Deferred Redemption**

If a Shareholder requests the redemption of Shares equal to 10% or more of the number of Shares of a particular Sub-fund in issue on any Dealing Day, the Company may at its absolute discretion, hold over or defer the redemption of such numbers of Shares as exceeds 10%. If the Company refuses to redeem Shares for this reason, the redemption request shall be reduced accordingly and the Shares to which such request relates which are not redeemed shall be redeemed on the subsequent Dealing Day in priority to any redemption request received thereafter, subject to the same 10% limit, until all of the Shares to which the original redemption request related have been redeemed.

If outstanding redemption requests from all holders of Shares of a particular Sub-fund on any Dealing Day total an aggregate of more than 10% of the Net Asset Value of all the Shares of such Sub-fund in issue on such Dealing Day, the Company shall be entitled at its discretion to refuse to redeem such number of Shares in issue in that series on that Dealing Day in excess of 10% in respect of which redemption requests have been received as the Directors shall determine. If the Company refuses to redeem Shares for this reason, the requests for redemption on such date shall be reduced rateably and the Shares to which each request relates which are not redeemed shall be redeemed on each subsequent Dealing Day in priority to any request received thereafter, provided that the Company shall not be obliged to redeem Shares representing more than

10% of the Net Asset Value of a particular Sub-fund outstanding on any Dealing Day, until all the Shares of the Sub-fund to which the original request related have been redeemed.

3.4 Switching

Subject to any restrictions on the eligibility of investors for a particular Share Class, a Shareholder in a Sub-fund may at any time Switch all or some of his Shares of one Class or Sub-fund ("**Original Shares**") for Shares of another Class or Sub-fund ("**New Shares**") in the Company. The number of New Shares issued will be determined by reference to the respective prices of New Shares and Original Shares at the Valuation Point applicable at the time the Original Shares are redeemed and the New Shares are issued.

A request to Switch may be made in writing to the dealing office of the ACD. Telephone Switching instructions may be given but Shareholders are required to provide written instructions to the ACD (which, in the case of joint Shareholders, must be signed by all the joint Shareholders) before Switching is effected.

The ACD may at its discretion make a charge on the Switching of Shares between Sub-funds or Classes. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers. For details of the charges on Switching currently payable, please see paragraph 3.5.3 "Charges on Switching".

If a partial Switch would result in the Shareholder holding a number of Original Shares or New Shares of a value which is less than the minimum holding in the Class concerned, the ACD may, if it thinks fit, convert the whole of the applicant's holding of Original Shares to New Shares (and make a charge on Switching on such conversion) or refuse to effect any Switch of the Original Shares. Save as otherwise specifically set out, the general provisions on procedures relating to redemption will apply equally to a Switch. Written instructions must be received by the ACD before the Valuation Point on a Dealing Day in the Sub-fund or Sub-funds concerned to be dealt with at the prices at the Valuation Point on that Dealing Day or at such other Valuation Point as the ACD at the request of the Shareholder giving the relevant instruction may agree. Switching requests received after a Valuation Point will be held over until the next day which is a Dealing Day in each of the relevant Sub-fund or Sub-funds.

The ACD may adjust the number of New Shares to be issued to reflect the application of any charge on Switching together with any other charges or levies in respect of the application for the New Shares or redemption of the Original Shares as may be permitted pursuant to the COLL Sourcebook.

Please note that under UK tax law a Switch of Shares in one Sub-fund for Shares in any other Sub-fund is treated as a redemption of the Original Shares and a purchase of New Shares and will, for persons subject to taxation, be a realisation of the Original Shares for the purposes of capital gains taxation, which may give rise to a liability to tax, depending upon the Shareholder's circumstances.

A Shareholder who Switches Shares in one Sub-fund for Shares in any other Sub-fund (or who Switches between Classes of Shares) will not be given a right by law to withdraw from or cancel the transaction.

3.5 **Dealing Charges**

The price per Share at which Shares are bought, redeemed or Switched is the Net Asset Value per Share. Any initial charge or redemption charge is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

3.5.1 **Initial charge**

The ACD may impose a charge on the purchase of Shares in each Class. The current initial charge is calculated as a percentage of the amount invested by a potential Shareholder in respect of each Sub-fund as set out in Appendix 1. The ACD may waive or discount the initial charge at its discretion.

The initial charge (which is deducted from subscription monies) is payable by the Shareholder to the ACD.

The current initial charge of a Class may only be increased in accordance with the Regulations.

From the initial charge received, or out of its other resources, the ACD may pay a commission to relevant intermediaries including the Investment Manager and its Associates.

3.5.2 **Redemption Charge**

The ACD may make a charge on the redemption of Shares in each Class. At present, no redemption charge is levied.

The ACD may only introduce a redemption charge in accordance with the Regulations. Also, if such a charge was introduced, it would not apply to Shares issued before the date of the introduction (i.e., those not previously subject to a redemption charge).

3.5.3 **Charges on Switching**

On the Switching of Shares between Sub-funds or Classes in the Company, the Instrument of Incorporation authorises the Company to impose a charge on Switching. If a redemption charge is payable in respect of the Original Shares, this may become payable instead of, or as well as, the then prevailing initial charge for the New Shares. The charge on Switching is payable by the Shareholder to the ACD.

The ACD's current policy is to only levy a charge on Switching between Sub-funds that is no more than the excess of the initial charge applicable to New Shares over the initial charge applicable to the Original Shares. There is currently no charge for Switching Shares in one Class of a Sub-fund for Shares in another Class of the same Sub-fund.

3.5.4 **Dilution Levy**

The actual cost of purchasing, selling or Switching underlying investments in a Sub-fund may deviate from the mid-market value used in calculating its Share price, due to dealing charges, taxes, and any spread between buying and selling prices of the Sub-fund's underlying investments. These dealing costs could have an adverse effect on the value of a Sub-fund, known as "**dilution**". In order to mitigate the effect of dilution the Regulations allow the ACD to make a "**dilution levy**" on the purchase, redemption or Switch of Shares in a Sub-fund. A dilution levy is a separate

charge of such amount or at such rate as is determined by the ACD to be made for the purpose of reducing the effect of dilution. This amount is not retained by the ACD, but is paid into the relevant Sub-fund.

The dilution levy is calculated by reference to the costs of dealing in the underlying investments of the relevant Sub-fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy will depend on the volume of purchases and redemptions. It is not possible to predict accurately whether dilution would occur at any point in time.

The ACD's policy is that it may require a dilution levy on the purchase and redemption of Shares if, in its opinion, the existing Shareholders (for purchases) or remaining Shareholders (for redemptions) might otherwise be adversely affected. For example, the dilution levy may be charged in the following circumstances: where the Scheme Property of a Sub-fund is in continual decline; on a Sub-fund experiencing large levels of net purchases relative to its size; on "**large deals**" (typically being a purchase or redemption of Shares to a size exceeding 5% of the Net Asset Value of the relevant Sub-fund); in any case where the ACD is of the opinion that the interests of existing or remaining Shareholders require the imposition of a dilution levy.

This policy is intended to mitigate the dilutive effect of Shareholder transactions on the future growth of the Company.

Based on future projections the ACD may need to charge a dilution levy 2-4 times a year. If a dilution levy is required then, based on future projections the estimated rate of such a levy would be up to 0.75%. On the occasions when a dilution levy is not applied, there may be an adverse impact on the total assets of the relevant Sub-funds.

The ACD, in its absolute discretion, may waive or reduce the dilution levy. The ACD may alter its current dilution policy in accordance with the procedure set out in the Regulations.

3.5.5 **Stamp duty reserve tax ("SDRT")**

With effect from 30 March 2014, the SDRT charge on the surrender of shares in an ICVC applies only to an in specie redemption of shares made otherwise than on a pro rata basis. A surrender of Shares to the Company will therefore generally be exempt from SDRT. Where a chargeable transaction occurs the Shareholder will be liable for SDRT at 0.5% of the consideration given for the Company assets acquired on redemption.

3.6 **Transfers**

Shareholders are entitled to transfer their Shares to another person or body. All transfers must be in writing in the form of an instrument of transfer approved by the ACD for this purpose. Completed instruments of transfer must be returned to the ACD in order for the transfer to be registered by the ACD. The ACD may refuse to register a transfer unless any provision for SDRT due has been paid.

3.7 **Restrictions, Compulsory Transfer and Redemption**

The ACD may from time to time impose such restrictions as it may think necessary for the purpose of ensuring that no Shares are acquired or held by any person in breach of the law or governmental regulation (or any interpretation of a law or

regulation by a competent authority) of any country or territory or which would result in the Company incurring any liability to taxation which the Company is not able to recoup itself or suffering any other adverse consequence. In this connection, the ACD may, *inter alia*, reject in its discretion any application for the purchase, redemption, transfer or Switching of Shares.

If it comes to the notice of the ACD that any Shares ("**affected Shares**"):

- 3.7.1 are owned directly or beneficially in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory; or
- 3.7.2 would result in the Company incurring any liability to taxation which the Company would not be able to recoup itself or suffering any other adverse consequence (including a requirement to register under any securities or investment or similar laws or governmental regulation of any country or territory); or
- 3.7.3 are held in any manner by virtue of which the Shareholder or Shareholders in question is/are not qualified to hold such Shares or if it reasonably believes this to be the case;

the ACD may give notice to the Shareholder(s) of the affected Shares requiring the transfer of such Shares to a person who is qualified or entitled to own them or that a request in writing be given for the redemption of such Shares in accordance with the COLL Sourcebook. If any Shareholder upon whom such a notice is served does not within 30 days after the date of such notice transfer his affected Shares to a person qualified to own them or submit a written request for their redemption to the ACD or establish to the satisfaction of the ACD (whose judgement is final and binding) that he or the beneficial owner is qualified and entitled to own the affected Shares, he shall be deemed upon the expiry of that 30 day period to have given a request in writing for the redemption or cancellation (at the discretion of the ACD) of all the affected Shares.

A Shareholder who becomes aware that he is holding or owns affected Shares shall immediately, unless he has already received a notice as set out above, either transfer all his affected Shares to a person qualified to own them or submit a request in writing to the ACD for the redemption of all his affected Shares.

Where a request in writing is given or deemed to be given for the redemption of affected Shares, such redemption will (if effected) be effected in the same manner as provided for in the COLL Sourcebook.

3.8 **Issue of Shares in exchange for in specie assets**

The ACD may arrange for the Company to issue Shares in exchange for assets other than cash, but will only do so where the Depositary has taken reasonable care to determine that the Company's acquisition of those assets in exchange for the Shares concerned is not likely to result in any material prejudice to the interests of Shareholders.

The ACD will ensure that the beneficial interest in the assets is transferred to the Company with effect from the issue of the Shares.

The ACD will not issue Shares in any Sub-fund in exchange for assets the holding of which would be inconsistent with the investment objective or policy of that Sub-fund.

3.9 **In specie redemptions**

If a Shareholder requests the redemption of Shares the ACD may, where it considers that deal to be substantial in relation to the total size of a Sub-fund or in some way detrimental to the Sub-fund, arrange for Scheme Property having the appropriate value to be transferred to the Shareholder (an '**in specie transfer**'), in place of payment for the Shares in cash. Before the redemption is effected, the ACD must give written notice to the Shareholder of the intention to make an in specie transfer, so that the Shareholder can require the net proceeds from the sale of the relevant Scheme Property (rather than the Scheme Property itself) if the Shareholder so desires.

The ACD will select the property to be transferred in consultation with the Depositary. The ACD and Depositary must ensure that the selection is made with a view to achieving no more advantage or disadvantage to the Shareholder requesting the redemption than to the continuing Shareholders.

3.10 **Suspension of dealings in Shares**

The ACD may, with the prior agreement of the Depositary, and must without delay if the Depositary so requires temporarily suspend the issue, cancellation, sale and redemption of Shares in any or all of the Sub-funds where due to exceptional circumstances it is in the interests of all the Shareholders in the relevant Sub-fund or Sub-funds.

The ACD and the Depositary must ensure that the suspension is only allowed to continue for as long as is justified having regard to the interests of Shareholders.

The ACD or the Depositary (as appropriate) will immediately inform the FCA of the suspension and the reasons for it and will follow this up as soon as practicable with written confirmation of the suspension and the reasons for it to the FCA and the regulator in each EEA state where Shares are offered for sale.

The ACD will notify Shareholders as soon as is practicable after the commencement of the suspension, including details of the exceptional circumstances which have led to the suspension, in a clear, fair and not misleading way and giving Shareholders details of how to find further information about the suspension.

Where such suspension takes place, the ACD will publish details on its website or other general means, sufficient details to keep Shareholders appropriately informed about the suspension, including, if known, its possible duration.

During the suspension none of the obligations in COLL 6.2 (Dealing) will apply but the ACD will comply with as much of COLL 6.3 (Valuation and Pricing) during the period of suspension as is practicable in light of the suspension.

Suspension will cease as soon as practicable after the exceptional circumstances leading to the suspension have ceased but the ACD and the Depositary will formally review the suspension at least every 28 days and will inform the FCA of the review and any change to the information given to Shareholders.

The ACD may agree during the suspension to deal in Shares in which case all deals accepted during and outstanding prior to the suspension will be undertaken at a price calculated at the first Valuation Point after the restart of dealings in Shares.

3.11 **Electronic Communications**

At present, renunciation of title to Shares by electronic communication is not accepted.

3.12 **Electronic Verification**

The Money Laundering Regulations 2007, The Proceeds of Crime Act, The FCA Senior Management Arrangements Systems & Controls Sourcebook and joint Money Laundering Steering Group Guidance Notes (which are updated from time to time) state that the ACD must check an applicant's identity and the source of the money invested. The ACD may also request verification documents from parties associated with the applicant. In some cases, documentation may be required for officers performing duties on behalf of applicants who are bodies corporate. The checks may include an electronic search of information held about the applicant (or an associated party) on the electoral role and using credit reference agencies. The credit reference agency may check the details the applicant (or an associated party) supplies against any particulars on any database (public or otherwise) to which they have access and may retain a record of that information although that is only to verify identity and will not affect the applicant's (or an associated party's) credit rating. They may also use the applicant's (or an associated party's) details in the future to assist other companies verification purposes. In applying for Shares an applicant is giving the ACD permission to ask for this information in line with the Data Protection Act 1998. If an applicant invests through a financial adviser they must fill an identity verification certificate on their behalf and send it to the ACD with the application.

3.13 **Client Money**

Monies received into client money accounts will not incur interest.

3.14 **Governing law**

All deals in Shares are governed by the law of England and Wales.

4. **VALUATION OF THE COMPANY**

4.1 **General**

The price of a Share is calculated by reference to the Net Asset Value of the Sub-fund to which it relates. The Net Asset Value per Share of a Sub-fund is currently calculated at 12.00 noon (London time) (this being the Valuation Point) on each Dealing Day.

The ACD may at any time during a Business Day carry out an additional valuation if it considers it desirable to do so. The ACD shall inform the Depositary of any decision to carry out any such additional valuation. Valuations may be carried out for effecting a scheme of amalgamation or reconstruction which do not create a Valuation Point for the purposes of dealings. Where permitted and subject to the Regulations, the ACD may, in certain circumstances (for example where a significant event has occurred since the closure of a market) substitute a price with a more appropriate price which in its opinion reflects a fair and reasonable price for that investment.

The ACD will, upon completion of each valuation, notify the Depositary of the price of Shares of each Class of each Sub-fund and the amount of any dilution levy applicable in respect of any purchase or redemption of Shares.

A request for dealing in Shares must be received by the Valuation Point on a particular Dealing Day in order to be processed on that Dealing Day. A dealing request received after this time will be held over and processed on the next Dealing Day, using the Net Asset Value per Share calculated as at the Valuation Point on that next Dealing Day.

4.2 Calculation of the Net Asset Value

The value of the Scheme Property shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions:

- 4.2.1 All the Scheme Property (including receivables) is to be included, subject to the following provisions.
- 4.2.2 Scheme Property which is not cash (or other assets dealt with in paragraph 4.2.2.4 below) or a contingent liability transaction shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:
- 4.2.2.1 Units or shares in a collective investment scheme:
- (a) if a single price for buying and redeeming units or shares is quoted, at that price; or
 - (b) if separate buying and redemption prices are quoted, at the average of the two prices provided the buying price has been reduced by any initial charge included therein and the redemption price has been increased by any exit or redemption charge attributable thereto; or
 - (c) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists or if the most recent price available does not reflect the ACD's best estimate of the value of the units or shares, at a value which, in the opinion of the ACD, is fair and reasonable;
- 4.2.2.2 Any other transferable security:
- (a) if a single price for buying and redeeming the security is quoted, at that price; or
 - (b) if separate buying and redemption prices are quoted, at the average of the two prices; or
 - (c) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists or if the most recent price available does not reflect the ACD's best estimate of the value of the security, at a value which, in the opinion of the ACD, is fair and reasonable;
- 4.2.2.3 Scheme Property other than that described in paragraphs 4.2.2.1 and 4.2.2.2 above, at a value which, in the opinion of the ACD, is fair and reasonable;
- 4.2.2.4 Cash and amounts held in current and deposit accounts and in other time related deposits shall be valued at their nominal values.
- 4.2.3 Scheme Property which is a contingent liability transaction shall be treated as follows:
- 4.2.3.1 if it is a written option (and the premium for writing the option has become part of the Scheme Property), deduct the

amount of the net valuation of premium receivable. If the Scheme Property is an off exchange option the method of valuation shall be agreed between the ACD and the Depositary;

- 4.2.3.2 if it is an off exchange future, include it at the net value of closing out in accordance with a valuation method agreed between the ACD and the Depositary;
- 4.2.3.3 if it is any other form of contingent liability transaction, include it at the net value of margin on closing out (whether as a positive or negative value). If the Scheme Property is an off exchange derivative, include it at a valuation method agreed between the ACD and the Depositary.
- 4.2.4 In determining the value of the Scheme Property, all instructions given to issue or cancel Shares shall be assumed to have been carried out (and any cash paid or received) whether or not this is the case.
- 4.2.5 Subject to paragraphs 4.2.6 and 4.2.7 below, agreements for the unconditional sale or purchase of Scheme Property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and if, in the opinion of the ACD, their omission will not materially affect the final net asset amount.
- 4.2.6 Futures or contracts for differences which are not yet due to be performed and unexpired and unexercised written or purchased options shall not be included under paragraph 4.2.5.
- 4.2.7 All agreements are to be included under paragraph 4.2.5 which are, or ought reasonably to have been, known to the person valuing the Scheme Property.
- 4.2.8 Deduct an estimated amount for anticipated tax liabilities at that point in time including (as applicable and without limitation) capital gains tax, income tax, corporation tax, VAT, stamp duty, SDRT and any foreign taxes or duties.
- 4.2.9 Deduct an estimated amount for any liabilities payable out of the Scheme Property and any tax or duty thereon, treating periodic items as accruing from day to day.
- 4.2.10 Deduct the principal amount of any outstanding borrowings whenever repayable and any accrued but unpaid interest on borrowings.
- 4.2.11 Add an estimated amount for accrued claims for tax of whatever nature which may be recoverable.
- 4.2.12 Add any other credits or amounts due to be paid into the Scheme Property.
- 4.2.13 Add a sum representing any interest or any income accrued due or deemed to have accrued but not received.
- 4.2.14 Currencies or values in currencies other than Sterling shall be converted at the relevant Valuation Point at a rate of exchange that is not likely to

result in any material prejudice to the interests of Shareholders or potential Shareholders.

4.3 **Price per Share in each Sub-fund and each Class**

The price per Share at which Shares are bought or are redeemed is the Net Asset Value per Share. Any initial charge or redemption charge is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

Each allocation of income made in respect of any Sub-fund at a time when more than one Class is in issue in respect of that Sub-fund shall be done by reference to the relevant Shareholder's proportionate interest in the income property of the Sub-fund in question calculated in accordance with the Instrument of Incorporation.

4.4 **Pricing basis**

The ACD deals on a forward pricing basis. A forward price is the price calculated at the next Valuation Point after the purchase or redemption is deemed to be accepted by the ACD. Shares in the Company are single priced.

4.5 **Publication of Prices**

The prices of all Shares are published on www.maitlandgroup.com. The prices of Shares may also be obtained by calling 0345 305 4217 during the ACD's normal business hours. The ACD may, at its sole discretion, decide to publish certain Share prices in other third party websites or publications but the ACD does not accept responsibility for the accuracy of the prices published in, or for the non-publication of prices by, these sources for reasons beyond the control of the ACD. As the ACD deals on a forward pricing basis, the price that appears in these sources will not necessarily be the same as the one at which investors can currently deal

5. **RISK FACTORS**

Potential investors should consider the following risk factors before investing in the Company (or in the case of specific risks applying to specific Sub-funds, in those Sub-funds).

5.1 **General**

The investments of the Company are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investments will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they invest in the Company. There is no certainty that the investment objective of the Sub-funds will actually be achieved and no warranty or representation is given to this effect. The level of any yield for a Sub-fund may be subject to fluctuations and is not guaranteed.

The entire market of a particular asset class or geographical sector may fall, having a more pronounced effect on funds heavily invested in that asset class or region. There will be a variation in performance between funds with similar objectives due to the different assets selected.

5.2 **Effect of Initial Charge or Redemption Charge**

Where an initial charge or redemption charge is imposed, an investor who realises his Shares may not (even in the absence of a fall in the value of the relevant investments) realise the amount originally invested.

In particular, where a redemption charge is payable, investors should note that the percentage rate at which the redemption charge is calculated is based on the market value rather than the initial value of the Shares. If the market value of the Shares has increased the redemption charge will show a corresponding increase. Currently there is no redemption charge levied on Shares.

The Shares therefore should be viewed as medium to long term investments.

5.3 **Dilution**

A Sub-fund may suffer a reduction in the value of its Scheme Property due to dealing costs incurred when buying and selling investments. To offset this dilution effect the ACD may require the payment of a dilution levy in addition to the price of Shares when bought or as a deduction when sold.

5.4 **Suspension of Dealings in Shares**

Investors are reminded that in certain circumstances their right to redeem Shares (including a redemption by way of Switching) may be suspended.

5.5 **Liabilities of the Company**

Each Sub-fund is a segregated portfolio of assets and, accordingly, the assets of a Sub-fund belong exclusively to that Sub-fund and shall not be used to discharge directly or indirectly the liabilities of, or claims against, any other person or body, including the Company, or any other Sub-fund, and shall not be available for any such purpose.

Whilst the provisions of the OEIC Regulations provide for segregated liability between Sub-funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to regulations 11A and 11B of the OEIC Regulations.

Although each Sub-fund will be treated as bearing the liabilities, expenses, costs and charges attributable to it, in the event that assets or liabilities are not attributable to any particular Sub-fund, the Company may allocate such amounts between the Sub-funds of the Company in a manner which it believes is fair to the Shareholders generally.

A Shareholder is not liable to make any further payment to the Company or Sub-fund after he has paid the price on purchase of the Shares.

5.6 **Currency Exchange Rates**

Currency fluctuations may adversely affect the value of a Sub-fund's investments and the income thereon and, depending on an investor's currency of reference, currency fluctuations may adversely affect the value of his investment in Shares.

5.7 **Market risk**

Each Sub-fund will be diversified, however, the underlying investments of a Sub-fund will be subject to normal market fluctuations and to the risks inherent in investments in collective investment schemes.

5.8 **Credit and Fixed Interest Securities**

Fixed interest securities are particularly affected by trends in interest rates and inflation. If interest rates go up, the value of capital may fall, and vice versa. Inflation will also decrease the real value of capital.

The value of a fixed interest security will fall in the event of the default or reduced credit rating of the issuer. Generally, the higher the rate of interest, the higher the perceived credit risk of the issuer. High yield bonds with lower credit ratings (also known as sub-investment grade bonds) are potentially more risky (higher credit risk) than investment grade bonds. A sub-investment grade bond has a Standard & Poor's credit rating of below BBB or equivalent.

5.9 **Liquidity**

In extreme market conditions it may be difficult for a Sub-fund to realise an investment at short notice without suffering a discount to market value. In such circumstances the investor may suffer a delay in realising his investment or may incur a dilution levy.

Depending on the types of assets the Sub-funds invest in, there may be occasions where there is an increased risk that a position cannot be liquidated in a timely manner at a reasonable price.

5.10 **Leverage**

A proportion of the capital may be leveraged. While leverage presents opportunities for increasing the capital return, it has the effect of potentially increasing losses as well. Any event which adversely affects the underlying vehicles would be magnified to the extent the capital is leveraged. The cumulative effect of the use of leverage in a market that moves adversely to the underlying investment vehicles could result in a substantial loss to capital that would be greater than if capital were not leveraged.

5.11 **Tax**

Tax laws currently in place may change in the future which could affect the value of your investments. See the section 10 headed 'Taxation' for further details about taxation of the Sub-funds.

5.12 **Inflation and interest rates**

The real value of any returns that an investor may receive from the Sub-funds could be affected by interest rates and inflation over time.

5.13 **Custody**

Where the assets of the Sub-funds are held in custody, there may be a risk of loss that could result from the insolvency, negligence or fraudulent action of a custodian or sub-custodian.

5.14 **Investment into a fund which then invests into other funds**

Where a Sub-fund's investment strategy includes making investments into other underlying target funds, fees (including performance fees) are usually charged by the manager of the underlying component funds. The underlying manager's fees are deducted from the underlying fund prior to the assets of the fund being valued. Consequently, any fees deducted by the manager of any chosen underlying fund are excluded from the published fee calculations for the fund of funds.

5.15 **Structured Products**

The Sub-funds may invest in structured products in accordance with COLL. For the purposes of the FCA's rules, structured products may be regarded as either transferable securities, collective investment schemes or derivatives depending on the product in question. The common feature of these products is that they are designed to combine the potential upside of market performance with limited

downside. Structured products typically are investments which are linked to the performance of one or more underlying instruments or assets such as market prices, rates, indices, securities, currencies and commodities and other financial instruments that may introduce significant risk that may affect the performance of the Sub-funds.

However, in addition to providing exposure to the asset classes described in the investment objective, the intention is that the use of structured products in the context of the Sub-funds should assist with keeping the volatility levels of the Sub-funds relatively low.

The establishment costs of any Sub-fund launched after the issue of this Prospectus may be borne by that Sub-fund.

Value Added Tax will be added to all these payments, where applicable.

Further charges for taxation may be paid out of the Scheme Property as described in Section 10 below.

7.3 **Increase in the Charges payable to the ACD**

Any increase of the annual management charge by the ACD will be carried out in accordance with the Regulations. The ACD will give Shareholders at least 60 days' notice of any material increases in fees.

7.4 **Depositary's fee and expenses**

The Depositary receives for its own account a periodic fee which will be calculated and accrue daily and is payable monthly on the last business day in each calendar month in respect of that day and the period since the last business day in the preceding month and is payable as soon as practicable after the last business day in each month. The fee is calculated by reference to the value of the Sub-fund on the last business day of the preceding month except for the first accrual which is calculated by reference to the first Valuation Point of the Sub-fund. The rate of the periodic fee is agreed between the ACD and the Depositary and is calculated on a sliding scale for the Sub-fund on the following basis:

- 0.03% per annum for the first £100,000,000 in value of the Scheme Property;
- 0.02% per annum on the next £150,000,000 in value of the Scheme Property; and
- 0.01% per annum on the value thereafter.

The annual fee is subject to a minimum of £10,000 per annum per Sub-fund.

These rates can be varied from time to time in accordance with the COLL Sourcebook.

The first accrual in relation to any Sub-fund will take place in respect of the period beginning on the day on which the first valuation of that Sub-fund is made and ending on the last business day of the month in which that day falls.

In addition to the periodic fee referred to above, the Depositary shall also be entitled to be paid transaction and custody charges in relation to transaction handling and safekeeping of the Scheme Property as follows:

Item	Range
Transaction Charges	£6 to £200
Custody Charges	0.005% to 0.70% Minimum £7,500 per annum per Sub-fund.

These charges vary from country to country depending on the markets and the type of transaction involved. Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable, and in any event not later than the last business day of the month when such charges arose or as otherwise agreed between the Depositary and the ACD. Custody charges accrue and are payable as agreed from time to time by the ACD and the Depositary.

Where relevant, the Depositary may make a charge for its services in relation to: distributions, the provision of banking services, holding money on deposit, lending money, or engaging in stock lending or derivative transactions, in relation to a Sub-fund and may purchase or sell or deal in the purchase or sale of Scheme Property, provided always that the services concerned and any such dealing are in accordance with the provisions of the COLL Sourcebook.

The Depositary will also be entitled to payment and reimbursement of all costs, liabilities and expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Instrument, the COLL Sourcebook or by the general law.

On a winding up of a Sub-fund, the Depositary will be entitled to its pro rata fees, charges and expenses to the date of winding up, the termination, or the redemption (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations.

Any value added tax on any fees, charges or expenses payable to the Depositary will be added to such fees, charges or expenses.

In each such case such payments, expenses and disbursements may be payable to any person (including the ACD or any associate or nominee of the Depositary or of the ACD) who has had the relevant duty delegated to it pursuant to the COLL Sourcebook by the Depositary.

7.5 **Allocation of fees and expenses between Sub-funds**

All the above fees, duties and charges (other than those borne by the ACD) will be charged to the Sub-fund in respect of which they were incurred. This includes any charges and expenses incurred in relation to the Register of Shareholders, except that these will be allocated and charged to each class of Shares on a basis agreed between the ACD and the Depositary.

Where an expense is not considered to be attributable to any one Sub-fund, the expense will normally be allocated in a manner which the ACD believes is fair to all Shareholders of the Company.

Unless otherwise stated in Appendix 1, fees and expenses are charged to the capital of the Company. Accordingly, such fees and expenses may constrain the capital growth of the Company.

8. **INSTRUMENT OF INCORPORATION**

The Instrument of Incorporation is available for inspection at the ACD's offices at Springfield Lodge, Colchester Road, Chelmsford, Essex, CM2 5PW.

9. **SHAREHOLDER MEETINGS AND VOTING RIGHTS**

9.1 **Class, Company and Sub-fund Meetings**

The Company has dispensed with the requirement to hold annual general meetings.

The provisions below, unless the context otherwise requires, apply to Class meetings and meetings of Sub-funds as they apply to general meetings of the Company, but by reference to Shares of the Class or Sub-fund concerned and the Shareholders and value and prices of such Shares.

9.2 **Requisitions of Meetings**

The ACD may requisition a general meeting at any time.

Shareholders may also requisition a general meeting of the Company. A requisition by Shareholders must state the objects of the meeting, be dated, be signed by Shareholders who, at the date of the requisition, are registered as holding not less than one tenth in value of all Shares then in issue and the requisition must be deposited at the head office of the Company. The ACD must convene a general meeting no later than eight weeks after receipt of such requisition.

9.3 **Notice and Quorum**

Shareholders will receive at least 14 days' notice of a general meeting and are entitled to be counted in the quorum and vote at such meeting either in person or by proxy. The quorum for a meeting is two Shareholders, present in person or by proxy. The quorum for an adjourned meeting is one person entitled to be counted in a quorum. Notices of meetings and adjourned meetings will be sent to Shareholders at their registered addresses.

9.4 **Voting Rights**

At a general meeting, on a show of hands every Shareholder who (being an individual) is present in person or (being a corporation) is present by its representative properly authorised in that regard, has one vote.

On a poll vote, a Shareholder may vote either in person or by proxy. The voting rights attaching to each Share are such proportion of the voting rights attached to all the Shares in issue that the price of the Share bears to the aggregate price of all the Shares in issue at a reasonable date, before the notice of meeting is sent out, such date to be decided by the ACD.

A Shareholder entitled to more than one vote need not, if he votes, use all his votes or cast all the votes he uses in the same way.

In the case of joint Shareholders, the vote of the most senior Shareholder who votes, whether in person or by proxy, must be accepted to the exclusion of the votes of the other joint Shareholders. For this purpose seniority must be determined by the order in which the names stand in the Register.

Except where the COLL Sourcebook or the Instrument of Incorporation require an extraordinary resolution (which needs at least 75% of the votes cast at the meeting to be in favour if the resolution is to be passed) any resolution required by the COLL Sourcebook will be passed by a simple majority of the votes validly cast for and against the resolution.

The ACD may not be counted in the quorum for a meeting and neither the ACD nor any associate (as defined in the COLL Sourcebook) of the ACD is entitled to vote at any meeting of the Company except in respect of Shares which the ACD or associate holds on behalf of or jointly with a person who, if the registered Shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions.

Where all the Shares in a Sub-fund are registered to, or held by, the ACD or its associates and they are therefore prohibited from voting and a resolution (including an extraordinary resolution) is required to conduct business at a meeting, it shall not be necessary to convene such a meeting and a resolution may, with the prior written agreement of the Depositary, instead be passed with the written consent of Shareholders representing 50% or more, or for an extraordinary resolution 75% or more, of the Shares in issue.

"Shareholders" in this context means Shareholders entered on the register at a time to be determined by the ACD and stated in the notice of the meeting which must not be more than 48 hours before the time fixed for the meeting.

9.5 **Variation of Class or Sub-fund rights**

The rights attached to a Class or Sub-fund may be varied in accordance with the COLL Sourcebook.

Fundamental changes to the Company can only be made with the passing of an extraordinary resolution of Shareholders. A fundamental change is a change or event which changes the purposes or nature of the Company or the Sub-funds, or may materially prejudice a Shareholder, or alters the risk profile of the Company or a Sub-fund, or introduces any new type of payment out of the scheme property. Any change may be fundamental depending on its degree of materiality and effect on the Company or a Sub-fund and its Shareholders.

10. **TAXATION**

10.1 **General**

The information below is a general guide based on current United Kingdom law and HM Revenue & Customs practice, all of which are subject to change. It summarises the tax position of the Company and of investors who are United Kingdom resident individuals and hold Shares as investments. The regime for taxation of income and capital gains received by individual investors depends on the tax law applicable to their personal circumstances and/or the place where the Scheme Property is invested. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice.

10.2 **The Company**

The Company is an ICVC and each Sub-fund is treated as an authorised investment fund for tax purposes. Each Sub-fund is generally exempt from United Kingdom tax on capital gains realised on the disposal of its investments.

Dividends from United Kingdom companies are received by the Company with a tax credit and no further tax is payable by the Company on that income. The Company will be subject to corporation tax on most other types of income but after deducting allowable management expenses and the gross amount of any interest distributions. Where a Sub-fund suffers foreign tax on income received, this may normally be deducted from the United Kingdom tax due on that income.

Each Sub-fund will make dividend distributions except where more than a certain percentage of its property has been invested throughout the distribution period in interest-paying investments, in which case it will make interest distributions.

10.3 **Shareholders**

10.3.1 **Income**

The Company will pay distributions (which will be automatically retained in the Company in the case of accumulation Shares) with a tax credit. Individuals liable to income tax at the basic rate will have no further liability to tax. Higher or additional rate taxpayers will have to pay an additional amount of income tax on the amount received.

Where the Company pays an interest distribution (which will be automatically retained in the Company in the case of accumulation Shares) this will be net of the basic rate of tax. Non taxpayers may reclaim the tax credits on interest distributions paid, and starting rate (on savings income) taxpayers may reclaim part of them.

10.3.2 **Income equalisation**

The first income allocation received by an investor after buying Shares may include an amount of income equalisation. This is effectively a repayment of the income equalisation paid by the investor as part of the purchase price. It is a return of capital, and is not taxable. Rather, it should be deducted from the acquisition cost of the Shares for capital gains tax purposes.

10.3.3 **Tax Vouchers**

A tax voucher will be issued in line with the income distribution dates set out in Appendix 1. This voucher should be retained for tax purposes as evidence for HM Revenue & Customs.

The ACD reserves the right to charge an administration fee of £10 if a duplicate copy is required. To obtain a duplicate copy you will need to submit your request in writing, along with payment, to the Head of Shareholder Services.

10.3.4 **Capital Gains**

Shareholders may be liable to capital gains tax on gains arising from the redemption, transfer or other disposal of Shares. The rate of tax, and available reliefs, will be as applicable from time to time.

An exchange of Shares in one Sub-fund of the Company for Shares in another Sub-fund of the Company will normally be treated as a disposal for this purpose.

10.3.5 **NISAs**

Shares attributable to the Sub-funds will be eligible for inclusion within a stocks and shares component of a New Individual Savings Account.

11. **WINDING UP OF THE COMPANY OR A SUB-FUND**

The Company will not be wound up except as an unregistered company under Part V of the Insolvency Act 1986 or under the COLL Sourcebook. A Sub-fund may be terminated up under the COLL Sourcebook or wound up under Part V of the Insolvency Act 1986 (as modified by regulation 33C of the OEIC Regulations) as an unregistered company.

Where the Company or a Sub-fund is to be wound up or terminated under the COLL Sourcebook, such winding up or termination may only be commenced following approval by the FCA. The FCA may only give such approval if the ACD provides a statement (following an investigation into the affairs of the Company or Sub-fund) either that the Company or Sub-fund will be able to meet its liabilities within 12 months of the date of the statement or that the Company or Sub-fund will be unable to do so. The Company or Sub-fund may not be wound up or terminated under the COLL Sourcebook if there is a vacancy in the position of ACD at the relevant time.

- i. The Company shall be wound up or a Sub-fund must be terminated under the COLL Sourcebook: if an extraordinary resolution to that effect is passed by Shareholders; or
- ii. when the period (if any) fixed for the duration of the Company or a particular Sub-fund by the Instrument of Incorporation expires, or any event occurs on the occurrence of which the Instrument of Incorporation provides that the Company or a particular Sub-fund is to be wound up; or
- iii. on the date stated in any agreement by the FCA to a request by the ACD for the revocation of the authorisation order in respect of the Company or for the termination of the relevant Sub-fund.

On the occurrence of any of the above:

- iv. COLL 6.2 (Dealing), COLL 6.3 (Valuation and Pricing) and COLL 5 (Investment and borrowing powers) will cease to apply to the Company or the relevant Sub-fund;
- v. the Company will cease to issue and cancel Shares in the Company or the relevant Sub-fund and the ACD shall cease to sell or redeem Shares or arrange for the Company to issue or cancel them for the Company or the relevant Sub-fund;
- vi. no transfer of a Share shall be registered and no other change to the Register of Shareholders shall be made without the sanction of the ACD;
- vii. where the Company is being wound up, the Company shall cease to carry on its business except in so far as it is beneficial for the winding up of the Company;
- viii. the corporate status and powers of the Company, and subject to iv to vii above, the powers of the Depositary shall continue until the Company is dissolved.

The ACD shall, as soon as practicable after the Company or the Sub-fund falls to be wound up or terminated, realise the assets and meet the liabilities of the Company or the Sub-fund and, after paying out or retaining adequate provision for all

liabilities properly payable and retaining provision for the costs of winding up, arrange for the Depositary to make one or more interim distributions out of the proceeds to Shareholders proportionately to their rights to participate in the Scheme Property. If the ACD has not previously notified Shareholders of the proposal to wind up the Company or terminate the Sub-fund, the ACD shall, as soon as practicable after the commencement of winding up of the Company or the termination of the Sub-fund, give written notice of the commencement to Shareholders. When the ACD has caused all of the Scheme Property to be realised and all of the liabilities of the Company or the particular Sub-fund to be realised, the ACD shall arrange for the Depositary to make a final distribution to Shareholders on or prior to the date on which the final account is sent to Shareholders of any balance remaining in proportion to their holdings in the Company or the particular Sub-fund.

As soon as reasonably practicable after completion of the winding up of the Company or the termination of a particular Sub-fund, the Depositary shall notify the FCA that the winding up or termination has been completed.

On completion of a winding up of the Company, the Company will be dissolved and any money (including unclaimed distributions) still standing to the account of the Company, will be paid into court by the ACD within one month of the dissolution.

Following the completion of a winding up of the Company or the termination of a Sub-fund, the ACD must prepare a final account showing how the winding up or termination took place and how the Scheme Property was distributed. The auditors of the Company shall make a report in respect of the final account stating their opinion as to whether the final account has been properly prepared. This final account and the auditors' report must be sent to the FCA and to each Shareholder (or the first named of joint Shareholders) on the Register within four months of the completion of the winding up or termination.

As the Company is an umbrella company, each Sub-fund may be terminated as if it were a separate open-ended investment company. Any liabilities attributable or allocated to a particular Sub-fund under the COLL Sourcebook shall be met out of the Scheme Property attributable or allocated to that particular Sub-fund.

12. GENERAL INFORMATION

12.1 Accounting Periods

The annual accounting period of the Company ends each year on 31 December (the accounting reference date) with an interim accounting period ending on 30 June.

12.2 Notice to Shareholders

All notices or other documents to be served upon a Shareholder will be duly served if such notice or other document is sent by the ACD to the Shareholder by normal post to the last address notified in writing to the Company by the Shareholder.

Any notice or document served by post is deemed to have been served on the second business day following the day on which it is posted. Any document left at a registered address or delivered other than by post is deemed to have been served on that day.

12.3 Income Allocations

Some Sub-funds may have interim and final income allocations and other Sub-funds may have quarterly income allocations and some Sub-funds may only have final income allocation dates (see Appendix 1). For each of the Sub-funds income is allocated by the ACD in accordance with the Instrument of Incorporation and either

paid, reinvested or accumulated to those Shareholders who are entitled to the distribution by evidence of their holding on the Register at the previous accounting date.

In relation to income Shares, distributions of income for each Sub-fund in which income Shares are issued are paid by cheque or telegraphic transfer directly into a Shareholder's bank account on or before the relevant income allocation date in each year as set out in Appendix 1.

For Sub-funds in which accumulation Shares are issued, income will become part of the capital property of the Sub-fund and will be reflected in the price of each such accumulation Share as at the end of the relevant accounting period.

If a distribution made in relation to any income Shares remains unclaimed for a period of six years after it has become due, it will be forfeited and will revert to the relevant Sub-fund (or, if that no longer exists, to the Company).

The amount available for distribution in any accounting period is calculated by taking the aggregate of the income received or receivable for the account of the relevant Sub-fund in respect of that period, and deducting the charges and expenses of the relevant Sub-fund paid or payable out of income in respect of that accounting period. The ACD then makes such other adjustments as it considers appropriate (and after consulting the Company's auditors as appropriate) in relation to taxation, income equalisation, income unlikely to be received within 12 months following the relevant income allocation date, income which should not be accounted for on an accrual basis because of lack of information as to how it accrues, transfers between the income and capital account and other matters.

12.4 **Income Equalisation**

An allocation of income (whether annual or interim) to be made in respect of each share issued or sold by the ACD during an accounting period in respect of which that income allocation is made may include a capital sum ("income equalisation") representing the ACD's best estimate of the amount of income included in the price of that share.

The amount of income equalisation in respect of any share may be the actual amount of income included in the issue price of the share in question or it may be an amount arrived at by taking the aggregate of the ACD's best estimate of the amounts of income included in the share price of shares of that class issued or sold in the annual or interim accounting period in question and dividing that aggregate by the number of those shares and applying the resultant average to each of the shares in question.

12.5 **Annual Reports**

The annual accounting period of the Company ends on 31 December in each year (the "accounting reference date") and the interim accounting period ends on 30 June (the "interim accounting reference date") or such other date as the ACD may determine.

The Company's annual long report incorporating audited financial statements will be published within four months after the end of the financial year and the interim long report within two months of the end of the interim accounting period. Copies of the interim and annual long reports will be available on request from the ACD.

The ACD shall send a copy of the interim and annual reports to any Shareholder whose name appears on the share register as at the relevant accounting reference date or interim accounting reference date as permitted by the COLL Sourcebook.

Copies of all reports to Shareholders will be available for inspection by the general public at the ACD's offices at Springfield Lodge, Colchester Road, Chelmsford, Essex CM2 5PW.

12.6 **Remuneration Policy**

The ACD establishes and applies remuneration policies and practices for UCITS Remuneration Code Staff that:

- 12.6.1 are consistent with and promote sound and effective risk management;
- 12.6.2 do not encourage risk taking which is inconsistent with the risk profiles or the instrument constituting the fund or the prospectus, as applicable, of the UCITS it manages;
- 12.6.3 do not impair the ACD's compliance with its duty to act in the best interests of the UCITS it manages; and
- 12.6.4 include fixed and variable components of remuneration, including salaries and discretionary pension benefits.

Up-to-date details of the ACD's remuneration policy, including but not limited to (i) a description of how remuneration and benefits are calculated; and (ii) the identities of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists, can be found at www.maitlandgroup.com. Shareholders may obtain a paper copy of the full remuneration policy, free of charge, on request from the ACD.

The ACD is not authorised to give investment advice and persons requiring such advice should consult a professional financial adviser. All applications for Shares are made solely on the basis of the current prospectus of the Company, and investors should ensure that they have the most up to date version.

12.10 **Telephone Recordings**

Please note that the ACD may record telephone calls for training and monitoring purposes and to confirm investors' instructions.

12.11 **Complaints**

Complaints concerning the operation or marketing of the Company may be referred to the Head of Compliance at the ACD at Springfield Lodge, Colchester Road, Chelmsford, Essex, CM2 5PW or, if you subsequently wish to take your complaint further, direct to the Financial Ombudsman Service at Exchange Tower, London E14 9SR. 12.12 **Risk Management**

The ACD will provide upon the request of a Shareholder further information relating to:

- 12.12.1 the quantitative limits applying in the risk management of any Sub-fund;
- 12.12.2 the methods used in relation to 12.12.1; and
- 12.12.3 any recent development of the risk and yields of the main categories of investment.

12.13 **Indemnity**

The Instrument of Incorporation contains provisions indemnifying the Directors, other officers and the Company's auditors or the Depositary against liability in certain circumstances otherwise than in respect of their negligence, default, breach of duty or breach of trust, and indemnifying the Depositary against liability in certain circumstances otherwise than in respect of its failure to exercise due care and diligence in the discharge of its functions in respect of the Company.

12.14 **Genuine diversity of ownership**

Shares in the Company are and will continue to be widely available. The intended categories of investors are retail investors and non-retail, professional investors. Different Share Classes of a sub-fund are issued to different types of investors.

Shares in the Company are and will continue to be marketed and made available sufficiently widely to reach the intended categories of investors for each Share Class, and in a manner appropriate to attract those categories of investors.

APPENDIX 2

INVESTMENT AND BORROWING POWERS OF THE COMPANY

1. General

The Scheme Property of a Sub-fund will be invested with the aim of achieving the investment objective of that Sub-fund but subject to the limits set out in the Sub-fund's investment policy, this Prospectus and the limits set out in Chapter 5 of the COLL Sourcebook ("**COLL 5**") that are applicable to UCITS retail schemes. These limits apply to each Sub-fund as summarised below.

Normally, a Sub-fund will be fully invested save for an amount to enable redemption of Shares, efficient management of a Sub-fund in relation to its strategic objective and other purposes which may be reasonably regarded as ancillary to the investment objectives of the Sub-funds.

The investment policy of a Sub-fund may mean that at times, where it is considered appropriate, the property of a Sub-fund will not be fully invested and that prudent levels of liquidity will be maintained.

1.1 Prudent spread of risk

The ACD must ensure that, taking account of the investment objectives and policy of a Sub-fund, the property of a Sub-fund aims to provide a prudent spread of risk.

1.2 Cover

- (a) Where the COLL Sourcebook allow a transaction to be entered into or an investment to be retained only if possible obligations arising out of the investment transactions or out of the retention would not cause any breach of any limits in COLL 5 (for example, investment in nil and partly paid securities and the general power to accept or underwrite), it must be assumed that the maximum possible liability of a Sub-fund under any other of those rules has also to be provided for.
- (b) Where a rule in the COLL Sourcebook permits an investment transaction to be entered into or an investment to be retained only if that investment transactions, or the retention, or other similar transactions, are covered:
 - (i) it must be assumed that in applying any of those rules, a Sub-fund must also simultaneously satisfy any other obligation relating to cover; and
 - (ii) no element of cover must be used more than once.

1.3 Transferable Securities

- (a) A transferable security is an investment which is a share, a debenture, a government and public security, a warrant, or a certificate representing certain securities.
- (b) An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.
- (c) In applying paragraph (b) to an investment which is issued by a body corporate, and which is a share or a debenture, the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.

- (d) An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.
- (e) A unit or share in a closed end fund shall be taken to be a transferable security for the purposes of investment by a UCITS scheme, provided it fulfils the criteria for transferable securities set out in COLL 5.2.7A R, and either:
 - (i) where the closed end fund is constituted as an investment company or a unit trust:
 - (1) it is subject to corporate governance mechanisms applied to companies; and
 - (2) where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or
 - (ii) where the closed end fund is constituted under the law of contract:
 - (1) it is subject to corporate governance mechanisms equivalent to those applied to companies; and
 - (2) it is managed by a person who is subject to national regulation for the purpose of investor protection.

2. **UCITS Scheme: General permitted types of Scheme Property**

2.1 The Scheme Property of a Sub-fund must, except where otherwise provided in the COLL Sourcebook, only consist of any or all of:

- (a) transferable securities;
- (b) approved money market instruments;
- (c) permitted deposits;
- (d) permitted units in collective investment schemes; and
- (e) permitted derivatives and forward transactions.

A Sub-fund will not invest in movable and immovable property for the direct pursuit of its business.

2.2 A Sub-fund may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:

- (a) the potential loss which the Sub-fund may incur with respect to holding the transferable security is limited to the amount paid for it;
- (b) its liquidity does not compromise the ability of the ACD to comply with its obligation to redeem units at the request of any qualifying shareholder;
- (c) reliable valuation is available for it as follows:

- (i) in the case of a transferable security admitted to or dealt in on an eligible market, where there are accurate, reliable and regular prices which are either market prices or prices made available by valuation systems independent from issuers;
 - (ii) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;
- (d) appropriate information is available for it as follows:
- (i) in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;
 - (ii) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the authorised fund manager on the transferable security or, where relevant, on the portfolio of the transferable security;
- (e) it is negotiable; and
- (f) its risks are adequately captured by the risk management process of the ACD.

Unless there is information available to the ACD that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed not to compromise the ability of the ACD to comply with its obligation to redeem units at the request of any qualifying shareholder and to be negotiable.

2.3 Transferable securities and approved money market instruments held within a Sub-fund must be:

- (a) admitted to or dealt in on an eligible market within paragraph 3.3 or 3.4 or dealt in on an eligible market within paragraph 3.3(b), recently issued transferable securities (provided that the terms of issue include an undertaking that application will be made to be admitted to an eligible market and such admission is secured within a year of issue), or approved money-market instruments not admitted to or dealt in on an eligible market which satisfy the requirements of paragraph 8.3;
- (b) not more than 10% in value of the Scheme Property of a Sub-fund is to consist of transferable securities and approved money market instruments that do not fall within sub-paragraph (a) above.

2.4 The requirements on spread and investment in transferable securities does not apply until the expiry of a period of six months after the date of which the authorisation order of the Sub-fund takes effect (or on which any initial offer period commenced, if later) provided that the requirement to maintain prudent spread of risk in paragraph 2.3 is complied with during such period.

2.5 Each Sub-fund may invest in units of other collective investment schemes, deposits or derivatives, or replicate an index subject to each Sub-fund's Appendix. Such investments are to be made in accordance with the COLL Sourcebook.

3. **Eligible markets regime: purpose**

3.1 To protect investors the markets on which investments of a Sub-fund are dealt in or traded on should be of an adequate quality ("eligible") at the time of acquisition of the investment and until it is sold.

3.2 Where a market ceases to be eligible, investments on that market cease to be approved securities. A 10% restriction on investing in non approved securities applies and exceeding this limit because a market ceases to be eligible will generally be regarded as an inadvertent breach.

3.3 A market is eligible for the purposes of the rules if it is:

- (a) a regulated market as defined in the FCA Handbook; or
- (b) a market in an EEA State which is regulated, operates regularly and is open to the public.

3.4 A market not falling within paragraph 3.3 of this Appendix is eligible for the purposes of COLL 5 if:

- (a) the ACD, after consultation and notification with the Depositary, decides that market is appropriate for investment of, or dealing in, the Scheme Property;
- (b) the market is included in a list in the Prospectus; and
- (c) the Depositary has taken reasonable care to determine that:
 - (i) adequate custody arrangements can be provided for the investment dealt in on that market; and
 - (ii) all reasonable steps have been taken by the ACD in deciding whether that market is eligible.

3.5 In paragraph 3.4(a), a market must not be considered appropriate unless it is regulated, operates regularly, is recognised, is open to the public, is adequately liquid and has adequate arrangements for unimpeded transmission of income and capital to or for the order of investors.

4. **Spread: general**

4.1 This paragraph 4 on spread does not apply to government and public securities.

4.2 Not more than 20% in value of the Scheme Property is to consist of deposits with a single body.

4.3 Not more than 5% in value of the Scheme Property is to consist of transferable securities or approved money market instruments issued by any single body.

4.4 In applying paragraph 4.3, the limit of 5% is raised to 10% in respect of up to 40% in value of the property of each Sub-fund. Covered bonds need not be taken into account for the purpose of applying the limit of 40%.

4.5 The limit of 5% in 4.3 is raised to 25% in value of the Scheme Property in respect of covered bonds, provided that when the Sub-fund invests more than 5% in covered bonds issued by a single body, the total value of covered bonds held must not exceed 80% in value of the Sub-fund.

- 4.6 In applying paragraph 4.3, 4.4 and 4.5 certificates representing certain securities are treated as equivalent to the underlying security.
- 4.7 Not more than 20% in value of Scheme Property is to consist of units of any one collective investment scheme.
- 4.8 Not more than 20% in value of the property of each Sub-fund is to consist of transferable securities and approved money market instruments issued by the same group.
- 4.9 In applying the limits in 4.2, 4.3, 4.4, 4.6 and subject to 4.5, not more than 20% in value of the property of the Sub-fund is to consist of any combination of two or more of the following:
- (a) transferable securities or approved money-market instruments issued by; or
 - (b) deposits made with; or
 - (c) exposures from OTC derivatives transactions made with;
- a single body.

5. **Spread: Government and public securities**

The Sub-funds will not invest in government and public securities.

6. **Investment in collective investment schemes**

The Sub-funds will not invest in collective investment schemes.

7. **Investment in nil and partly paid securities**

A transferable security or an approved money market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the Sub-fund, at the time when payment is required, without contravening the rules in COLL 5.

8. **Investment in approved money market instruments**

8.1 Sub-fund may invest in approved money market instruments, which are those normally dealt in on the money market, that are liquid and whose value can be accurately determined at any time.

8.2 For the purposes of paragraph 8.1:

- (a) a money market instrument shall be regarded as normally dealt in on the money market if it:
 - (i) has a maturity at issuance of up to and including 397 days;
 - (ii) has a residual maturity of up to and including 397 days;
 - (iii) undergoes regular yield adjustments in line with money market conditions at least every 397 days; or
 - (iv) has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set

out in paragraph 8.2(a) or (b) or is subject to yield adjustments as set out in paragraph 8.2(c).

- (b) a money market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the ACD to redeem units at the request of any qualifying shareholder; and
- (c) a money market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:
 - (i) enabling the ACD to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transaction; and
 - (ii) based either on market data or on valuation models including systems based on amortised costs.

A money market instrument that is normally dealt in on the money market and is admitted to or dealt in on an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the ACD that would lead to a different determination.

8.3 A Sub-fund may invest in an approved money market instrument that is not admitted to or dealt in on an eligible market, provided it fulfils the following requirements:

- (a) the issue or the issuer is regulated for the purpose of protecting investors and savings;
- (b) the instrument is issued or guaranteed by a central authority of an EEA State or, if the EEA State is a federal state, one of the members making up the federation, a regional or local authority of an EEA State, the European Central Bank or a central bank of an EEA State, the European Union or the European Investment Bank, a non-EEA State or, in the case of a federal state, by one of the members making up the federation, or a public international body to which one or more EEA States belong; or
- (c) issued by a body, any securities of which are dealt in on an eligible market; or
- (d) issued or guaranteed by an establishment which is:
 - (i) subject to prudential supervision in accordance with criteria defined by Community law; or
 - (ii) subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by Community law. An establishment shall be considered to satisfy this requirement if it is subject to and complies with prudential rules, and fulfils one or more of the following criteria: it is located in the European Economic Area, it is located in an OECD country belonging to the Group of Ten, it has at least investment grade rating, or on the basis of an in-depth analysis of the issuer, it can be demonstrated that the

prudential rules applicable to that issuer are at least as stringent as those laid down by Community law.

9. Investment in deposits

A Sub-fund may invest in deposits only with an Approved Bank and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

10. Derivatives

The Sub-funds will not invest in derivatives or forward transactions.

11. Cash and near cash

Cash and near cash must not be retained in the Scheme Property except to the extent that, where this may reasonably be regarded as necessary in order to enable:

- 11.1 the pursuit of a Sub-fund's investment objectives; or
- 11.2 redemption of Shares; or
- 11.3 efficient management of a Sub-fund in accordance with its investment objectives; or
- 11.4 other purposes which may reasonably be regarded as ancillary to the investment objectives of the Sub-fund.
- 11.5 During the period of the initial offer the Scheme Property may consist of cash and near cash without limitation.

12. General power to borrow

- 12.1 A Sub-fund may, in accordance with this paragraph and paragraph 13, borrow money for the use of the Sub-fund on terms that the borrowing is to be repayable out of the Scheme Property. This power to borrow is subject to the obligation of the Sub-fund to comply with any restriction in the Instrument of Incorporation.
- 12.2 A Sub-fund may borrow under paragraph 12.1 only from institutions as stated in COLL 5.5.4R (3).
- 12.3 Borrowing must be on a temporary basis, must not be persistent and in any event must not exceed three months without the prior consent of the Depositary, which may be given only on such conditions as appear appropriate to the Depositary to ensure that the borrowing does not cease to be on a temporary basis. The borrowing restrictions in this paragraph 12 do not apply to certain "back to back" borrowing for currency hedging purposes.

13. Borrowing limits

- 13.1 The ACD must ensure that a Sub-fund's borrowing does not, on any day, exceed 10% of the value of the Scheme Property of a Sub-fund.
- 13.2 The borrowing restrictions in this paragraph 13 do not apply to certain "back to back" borrowing for currency hedging purposes.
- 13.3 In this paragraph 13 borrowing includes, as well as borrowing in a conventional manner, any other arrangement (including a combination of derivatives) designed to achieve a temporary injection of money into the scheme property in the expectation that the sum will be repaid.

- 13.4 It is the Company's policy that any borrowing may not exceed 91 consecutive days.
14. **Restrictions on lending of money**
- 14.1 None of the money in the Scheme Property of a Sub-fund may be lent and, for the purposes of this prohibition, money is lent by a Sub-fund if it is paid to a person ("the payee") on the basis that it should be repaid, whether or not by the payee.
- 14.2 Acquiring a debenture is not lending for the purposes of paragraph 14.1; nor is the placing of money on deposit or in a current account.
- 14.3 Paragraph 14.1 does not prevent a Sub-fund from providing an officer of the Company with funds to meet expenditure to be incurred by him for the purposes of a Sub-fund (or for the purposes of enabling him properly to perform his duties as an officer of the Company) or from doing anything to enable an officer to avoid incurring such expenditure.
15. **Restrictions on lending of property other than money**
- 15.1 The Scheme Property of a Sub-fund other than money must not be lent by way of deposit or otherwise.
- 15.2 The Scheme Property of a Sub-fund must not be mortgaged.
- 15.3 Nothing in this paragraph 15 prevents the Sub-fund or the Depositary at the request of the Sub-fund, from lending, depositing, pledging or charging the Scheme Property of the Sub-fund for margin requirements where transactions in derivatives or forward transactions are used for the account of the Sub-fund in accordance with COLL 5.
16. **General power to accept or underwrite placings**
- 16.1 Any power in COLL 5 to invest in transferable securities may be used for the purpose of entering into transactions to which this section applies, subject to compliance with any restriction in the Instrument of Incorporation.
- 16.2 This paragraph applies, subject to paragraph 16.3, to any agreement or understanding:
- (a) which is an underwriting or sub-underwriting agreement; or
 - (b) which contemplates that securities will or may be issued or subscribed for or acquired for the account of a Sub-fund.
- 16.3 Paragraph 16.2 does not apply to:
- (a) an option; or
 - (b) a purchase of a transferable security which confers a right:
 - (i) to subscribe for or acquire a transferable security; or
 - (ii) to convert one transferable security into another.
- 16.4 The exposure of a Sub-fund to agreements and understandings within paragraph 16.2 must, on any day:

- (a) be covered in accordance with the requirements of COLL 5.3.3AR; and
- (b) be such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in COLL 5.

17. Guarantees and indemnities

- 17.1 A Sub-fund or the Depositary for the account of the Sub-fund must not provide any guarantee or indemnity in respect of the obligation of any person.
- 17.2 None of the Scheme Property of a Sub-fund may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any person.
- 17.3 Paragraphs 17.1 and 17.2 do not apply in respect of a Sub-fund in case of COLL 5.5.9R (3).

18. Underwriting

Underwriting and sub-underwriting contracts and placing may also, subject to certain conditions set out in the COLL Sourcebook, be entered into for the account of a Sub-fund.

19. Stock lending

The Sub-fund will not enter into any stock lending arrangements or repo contracts.
